END-TO-END SOLUTIONS

As Africa's largest Hikvision Authorised National Distributor & importer of the full Hikvision product range, Sensor Security proudly offers customers a robust skill set with ingrained industry expertise, specialising in end-to-end solutions, including system designs, site surveys, POC's and renowned technical support with ongoing product training.

Professional pride

The business is fuelled by a deep sense of commitment to our customers and the industry and only partner with premium products with support based on technological expertise and breadth of experience. All of which is underpinned by a company culture of respect, integrity, a commitment to quality and the desire to do a job well. In turn, customers who engage with Sensor receive a professional and positive business experience.

Specialised applications

Sensor continues to build strategic relationships with local and international businesses that research and manufacture products that meet the most demanding security applications.

These include:

- Surveillance security systems
- Access control
- Building management systems
- Fire detection
- Wireless network solutions

Services

Sensor prides our success on the array of quality services and solutions which we offer our trade partners and their customers. All projects are commissioned by specialists and once installed and handed over, the quality of the equipment and its performance ensures that all parties involved can enjoy the ongoing peace of mind of a successful and effective solution.

Our experienced consultants are experts in their respective fields:

- Site audits
- System designs
- Proof of concept (PoC)
- Management of projects - locally and in Africa

Sensor Finance

Sensor enables customers to maintain and afford relevant and modern equipment that is in line with their changing business security needs. This service is another way in which Sensor offers a full-service solution to our registered customers.

Quality assurance

Our trade partners and their customers are assured of solutions that meet the most demanding application needs as projects are commissioned by specialists. Once installed and handed over, the quality of the equipment and its performance, ensures that all parties involved can enjoy the ongoing peace of mind of a successful and effective solution.

Location

Sensor enjoys a national presence with its head office in Gauteng (Midrand) and branches in the Western Cape (Cape Town), Eastern Cape (Port Elizabeth) and Kwa-Zulu Natal (Durban). Sensor's footprint also extends to conducting business across Africa, including islands off the coast of Africa.

Association & membership

Sensor Security is a member of the National Small Business Chamber.
